QUOTES CHRISTMAS DECORATIONS

He stated that this was the company we originally got them from years ago.

Debbie Rutherford advised that the city may want to add more wreaths so there would be decorations on each side of town.

Tom Strott made motion to approve the purchase of Christmas decorations from Display Sales at \$5675.00 and to bring back the cost of additional wreaths before ordering for approving.

Bill Spann seconded, all voted in favor and motion carried.

GARDEN CLUB / TREE LIGHTS / LINDA BRATCHER

Linda Bratcher and Molly Lesnikowski were present and wanted an update on the lights in the trees. Spencer stated that the lights were to tight around the tree and did not work. He advised that this spring the park would be landscaped.

The ground will be torn up and as far as fixing the underground electrical.

When we do the landscaping we will

get a quote on new lines and burying them.

He said instead of putting lights on the branches of the trees we could mount the one on the ground that would shine up in the tree.

He stated that we would have to work this around the yard sale and the fair.

Tom Strott stated maybe we should wait until after the fair.

Spencer stated that if any of the lights on the trees could be salvaged we would.

We will work on a landscape plan and by the next meeting we can have something going.

Molly stated that the Garden club had been talking about lights around the buildings.

Spencer stated that would be up to the individual owners and then it would need to be brought to us.

SPEED BUMPS / TOM STROTT

Tom Strott stated that there is no doubt that the speed bumps have slowed people down, but do they have a tapered piece that could go on them. Spencer stated that they do not because they are mobile. They are meant to slow people down and that is what they have done.

He stated we need to get up the ones on West Main.

John Artz addressed the council and stated that there needs to be some on East Dixie near the Breedlove house.
