They have been there for ten years and are starting to fall off and come up.

She stated when it rains everything washes down in front of the beauty shop.

She said it looks like a pond.

Mayor Knight said the city would get some prices on putting the bricks back and would also check on fixing the drainage.

He said we will get over there and look at it.

Adrienne asked whose responsibility was it to clean up the parking lot in the back of her shop.

Mayor Knight said that is private property and would be the responsibility of the owner.

We also promote composting.

Our mission is to increase the amount of recycling in Morgan County.

She said we have recycling dumpsters for residents and then it is taken to Athens.

You don't have to pay; it does not go to Morgan County.

The city of Rutledge can use all of Morgan's recycling programs.

It requires individuals to do more.

Mayor Knight asked where we can tell the citizens to go if they want to recycle.

Linda stated they can get bins from the county.

She said our volunteers can come to your local events and put out information for the citizens.

If the council is interested you can go to Athens and see how the recycling is sorted.
